Sir:

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

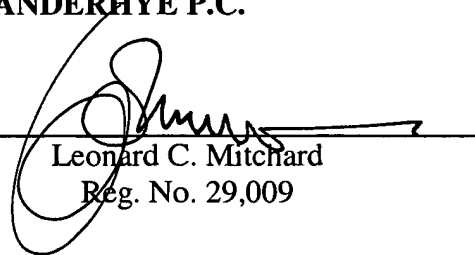

The Examiner is advised that claims 41 and 42 (copy attached) in co-pending U.S. Application No. 09/838,136 have been provisionally rejected for obviousness-type double patenting over claims 1, 5 and 31 of the subject application. Claims 41-42 in the co-pending application are substantially the same as withdrawn claims 42-43 of the subject application. Claims 42-43 were withdrawn in response to a March 19, 2003 restriction requirement in the subject application. Thus, the Examiner has indicated that the subject matter of claims 42-43 (corresponding to claims 41-42 in the co-pending application) are considered to be patentably distinct from the subject matter of claims 1, 5 and 31.

The Examiner is requested to initial the attached form PTO-1449 and to return a copy of the initialed document to the undersigned.

Respectfully submitted,

NIXON & VANDERHYE P.C.
